

## Expository Preaching Homework Assignments: WEEK TWO

---

**Week 2: Pre-class assignments.** (Assignments are due the first day of class.)

- 1) Read *On Writing Well* by William Zinsser (supplied in pdf. format on CD distributed in September class) and write a two-page paper summarising the most important of Zinsser's principles and explaining how you can apply them to improve your preaching.
  - The paper should be typed, not handwritten (unless you have absolutely no access to a computer). Format: A4-size paper with one-inch margins on all sides, double-spaced, Times New Roman font (size 12). Use endnotes as the method of citation.
- 2) Read *Between Two Worlds* by John Stott.
- 3) Read chapters 9-13 of *Expository Studying* by Joel James.
- 4) Listen to Jerry Wragg's sermon, *Preaching from a Pure Heart* (CD distributed in September class).
- 5) Bring to class three sample block diagrams of passages you have preached or taught to show that you are applying what you learned in the September class.
- 6) Bring to class a DVD of a sermon that you preached after the first week of class, exhibiting the application of the principles you learned in the first week and of the principles you learned from the reading assigned for the second week of class. We will watch these DVDs in class for the purpose of *encouragement* and *friendly, supportive* criticism.

Note:

Please preach this sermon in **English**, even if you normally do not preach in English. If you find it impossible to record a sermon in English, come to class prepared to preach a 30 minute sermon in English for our edification.
